CORRIGENDUM.

Fort St. George, December 24, 1937.

In Public (Political) Department Notification No. 73, dated 1st November 1937, published on page 1884 of Part I of the *Fort St. George Gazette*, dated 9th November 1937, for the expression "the forenoon of the 13th October 1937" the expression "the forenoon of the 16th November 1937" shall be substituted.

NOTIFICATION.

Fort St George, January 6, 1938
[G O. No 33, Public (Political)].

No. 3.—

It has been represented that the total discontinuance of the use of the abbreviation "Kt." in official communications, directed in G.O. No 2084, Public (Political), dated 1st November 1937, would make it impossible in the case of High Court Judges to distinguish between those who were Knights-Bachelor and those who were not, since all are styled "The Honourable Mr. Justice X, Y, Z." His Excellency the Viceroy has accepted the validity of this objection and has therefore decided that an exception should be made in the cases of High Court Judges, and the letters "Kt." should be used after the names of those who are Knights-Bachelor In all other cases this addition is superfluous, since the degree is sufficiently indicated in the case of Knights-Bachelor by the title "Sir," and in the case of Knights of Orders by the further addition of the initials of the order after the names.

With this modification the direction communicated with G O No. 2084, Public (Political), dated 1st November 1937, should stand.

C. F. BRACKENBURY,
Chief Secretary.

PRESS COMMUNIQUÉ.

No. 33.—

Since the assumption of office by the present Government, the question of restoration of village officers who were dismissed on account of their connexion with the Non-Co-operation or Civil Disobedience Movements has been raised. The Hon'ble the Revenue Minister announced on 21st September 1937 in reply to the Budget debate that the same liberal policy pursued in the case of political prisoners will also be pursued in the case of these village officers. Queries, however, are pouring in as regards the attitude of the Government on the question. The Government would like to make it clear that the policy is what was already announced by the Hon'ble the Revenue Minister which is to restore such officers to their old posts, unless after examination it is found that there is good reason to prevent such restoration in any particular case. The Board of Revenue has been asked to enquire and report on the applications for reinstatement. The report has not yet been received and the matter will be dealt with as soon as it is received.

Fort St. George, December 5, 1937
(G O No 3361, P H.).

No. 28.—Whereas the Government of Madras are satisfied that there is danger of an outbreak of cholera in Mahabalipuram and the adjoining villages in the Chingleput district on the occasion of the Malaudayan festival in January 1938

And whereas the ordinary provisions of law for the time being in force in Mahabalipuram and the said villages are insufficient to prevent the outbreak of the disease or the spread thereof:

Now, therefore, in exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Government of Madras are hereby pleased to prescribe the following temporary regulations to be observed in Mahabalipuram and the said villages —

REGULATIONS.

1. (1) These regulations shall apply to Mahabalipuram and the villages specified in the annexure.

(2) They shall be in force during the period commencing on the 15th January 1938 and ending with the 10th February 1938.

2 In these regulations—

(a) 'Festival area' means Mahabalipuram and the villages specified in the annexure

(b) 'Health Officer' means the District Health Officer, Chingleput, or any other Health Officer or Medical Officer on festival duty;

(c) 'Festival fund' means the fund at the disposal of the President of the District Board of Chingleput, and

(d) 'Officer in charge' means the Revenue Divisional Officer concerned.

3. Every owner or occupier of any premises in the festival area and every medical practitioner in such area shall at once report to a Health Officer or a Sanitary Inspector on duty any case of cholera or suspected case of cholera, which may come to his notice.

4 If, in any premises in the festival area, any person is suffering from cholera or is suspected to be suffering from cholera, a Health Officer or Sanitary Inspector may direct—

(a) the removal of such person to a hospital provided for the purpose; or

(b) the segregation of such person in the premises under such conditions as may be prescribed in this behalf by the Health Officer or Sanitary Inspector, as the case may be.

5 Any officer of the Health Department not below the rank of Sanitary Inspector may at any time, by day or by night, without notice or after giving such notice as may appear to him reasonable, inspect any place in which a case of cholera is reported or suspected to exist and may take such measures as he may think fit to prevent the spread of cholera beyond such place.

6 If such officer is of opinion that the cleansing or disinfecting of any premises or part thereof or of any article, tank, pool or well in such premises, will tend to prevent or check the spread of cholera, he may cleanse or disinfect or cause to be cleansed or disinfected such premises, part, article, tank, pool or well, as the case may be, and may by notice, require the owner or occupier of such premises or part to vacate the same for such time as may be specified in such notice.

7. Such officer may direct the destruction of any bedding, clothing or other article likely to retain infection, and compensation shall on demand be paid from the festival fund for any article destroyed under this regulation The amount of such compensation shall, in case of dispute, be determined by the officer in charge whose decision shall be final

8. (a) If any person suffering or suspected to be suffering from cholera is carried in a public conveyance, the owner, driver or person in charge of such conveyance, shall not permit any other passenger to be carried in such conveyance except the person attending on the patient.

(b) No public conveyance in which a person suffering or suspected to be suffering from cholera or the corpse of a person who has died or is suspected to have died of cholera has been carried, shall be used again for any purpose unless such conveyance has been disinfected to the satisfaction of a Health Officer or Sanitary Inspector and a certificate that the conveyance is free from infection has been obtained from such Officer or Inspector.

(c) The owner, driver, or person in charge of a public conveyance, shall not refuse to permit his conveyance to be taken over by a Health Officer or Sanitary Inspector when required by him for the purpose of conveying any person suffering or suspected to be suffering from cholera The Health Officer or Sanitary Inspector shall, when the conveyance ceases to be used for the purpose for which it was taken over, cause it to be thoroughly disinfected before it is returned to the owner, driver or person in charge and shall pay him from the festival fund compensation sufficient to cover the cost of the hire and detention The amount of such compensation shall, in case of dispute, be determined by the officer in charge whose decision shall be final.

9 (a) When in the opinion of a Health Officer or Sanitary Inspector any source of water-supply in any premises is likely to engender or cause the spread of cholera, he may, by notice, direct the owner or person having control of such source to close or disinfect the same within such time as may be specified in the notice.

(b) If any such owner or person does not comply with the direction within the time specified in the notice, the Health Officer or Sanitary Inspector may himself take the action required by the notice and all expenses connected therewith shall be recoverable from the owner or person in charge.

10. (a) No place shall be used for the preparation, sale or distribution of any article of food or drink for the use of the public without a special permit from the Health Officer and except in accordance with the conditions specified in such permit Any place in respect of which such permit has not been obtained or the permit for which has been refused, revoked or suspended, may be closed under the order of a Magistrate.

(b) Any article of food or drink which is prepared or sold without such special permit or in contravention of the conditions thereof may be seized and destroyed by a Health Officer or any person authorized by him in this behalf and no claim for compensation shall lie for any loss or damage caused by such seizure or destruction.

11. A Health Officer may prohibit—

(a) the burial, burning or disposal otherwise, of any corpse, within the festival area, except in a place which has been registered, licensed or provided for

the purpose under the Madras Local Boards Act, 1920, or which has been specially set apart by him for the purpose, or

(5) the washing of infected clothes in such area except in a place set apart by him for the purpose.

12. (a) If any premises in the festival area is in a filthy or insanitary condition any officer of the Health Department not below the rank of Sanitary Inspector, may by notice, require the owner or occupier of such premises to cleanse the same within such time as may be specified in the notice and thereafter to keep the same in clean and sanitary condition.

(b) If the requisition is not complied with within the time specified, such officer may himself have the premises cleansed and all expenses connected therewith shall be recoverable from the owner or occupier.

13. (a) The officer in charge or a Health Officer with the permission of the officer in charge may enter upon, occupy, and use without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for and is in the opinion of a Health Officer suitable for any purpose connected with the festival provided that if the building or place is occupied, 24 hours' notice shall be given in writing to the occupier or lessee or shall be conspicuously affixed on such building or place. The owner or lessee of such building or place shall be entitled for the period during which the same may be used for purposes connected with the festival to reasonable rent to be fixed by the officer in charge whose decision shall be final.

(b) The officer in charge or a Health Officer shall, when any building or place ceases to be used for the purpose for which it was taken over, cause it to be thoroughly cleansed before it is handed over to the owner or lessee.

No. 29.—

Whereas the Provincial Government are satisfied that there is danger of an outbreak of cholera in Rameswaram and Dhanushkodi and the adjoining villages in the Ramnad district on the occasion of the Mahodayam festival in January 1938:

And whereas the ordinary provisions of law for the time being in force in Rameswaram and Dhanushkodi and the said villages are insufficient to prevent the outbreak of the disease or the spread thereof:

Now, therefore, in exercise of the powers conferred by section 2 of the Epidemic Diseases Act, 1897 (III of 1897), the Provincial Government are hereby pleased to prescribe the following temporary regulations to be observed in Rameswaram and Dhanushkodi and the said villages.—

REGULATIONS.

1. (1) These regulations shall apply to Rameswaram, Dhanushkodi and the villages specified in the annexure.

(2) They shall be in force during the period commencing on the 15th January 1938 and ending with the 15th February 1938.

2. In these regulations—

5. Any officer of the Health Department not below the rank of Sanitary Inspector, may at any time, by day or by night, without notice or after giving such notice as may appear to him reasonable, inspect any place in which a case of cholera is reported or suspected to exist and may take such measures as he may think fit to prevent the spread of cholera beyond such place.

6. If such officer is of opinion that the cleansing or disinfecting of any premises or part thereof or of any article, tank, pool or well in such premises, will tend to prevent or check the spread of cholera, he may cleanse or disinfect or cause to be cleansed or disinfected such premises, part, article, tank, pool or well, as the case may be, and may by notice, require the owner or occupier of such premises or part to vacate the same for such time as may be specified in such notice.

7. Such officer may direct the destruction of any bedding, clothing or other article likely to retain infection, and compensation shall on demand be paid from the festival fund for any article destroyed under this regulation. (3) The owner, driver, or person in charge of a public conveyance, shall not refuse to permit his conveyance to be taken over by a Health Officer or Sanitary Inspector when required by him for the purpose of conveying any person suffering or suspected to be suffering from cholera. The Health

Officer or Sanitary Inspector shall, when the conveyance ceases to be used for the purpose for which it was taken over, cause it to be thoroughly disinfected before it is returned to the owner, driver or person in charge and shall pay him from the festival fund compensation sufficient to cover the cost of the hire and detention. The amount of such compensation shall, in case of dispute, be determined by the officer in charge whose decision shall be final.

9. (1) When in the opinion of a Health Officer or Sanitary Inspector any source of water supply in any premises is likely to engender or cause the spread of cholera he may, by notice, direct the owner or person having control of such source to close or disinfect the same within such time as may be specified in the notice.

(2) If any such owner or person does not comply with the direction within the time specified in the notice the Health Officer or Sanitary Inspector may himself take the action required by the notice and all expenses connected therein he shall be recoverable from the owner or person in charge.

(2) If the requisition is not complied with within the time specified, such officer may himself have the premises cleansed and all expenses connected therewith shall be recoverable from the owner or occupier.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Strict silence should be maintained in the examination room.

2. Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious disease of any kind will not be admitted.

Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer-books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidates who leave the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

Candidates are strictly prohibited from smoking in the examination room.

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND [EXCEPT AS PROVIDED IN RULE 8]. THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM INSTANTLY, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of utensils at University examinations is not permitted except to students answering papers in Mathematics. Paper must not be detached from the answer books of candidates. If the ordinary answer-books are found insufficient, additional books will be allowed and these should be securely fastened to the answer-books.

12. AS SOON AS CANDIDATES HAVE FINISHED WRITING THEIR ANSWERS, AND WISH TO GIVE UP THEIR ANSWER-BOOKS, OR AT THE END OF THE PERIOD PRESCRIBED FOR EACH PARTICULAR PART OF THE EXAMINATION, EACH SHOULD STAND UP IN HIS PLACE AND REMAIN STANDING UNTIL ONE OF THE SUPERINTENDENTS HAS COME UP TO HIM AND HAS RECEIVED HIS ANSWER-BOOK FROM HIM.

Where the halls are suitable the following alternative procedure may be adopted : At the end of the period prescribed for each particular paper the candidates should at once fold their answer-books, leave them in evidence at their places, vacate their seats, retire to the passages between the tables and move out of the hall in order and in silence, the Superintendents being meanwhile stationed in position from which they may command a good view of the blocks entrusted to their care, when all the candidates have moved out the Superintendents will collect the answer-books.

13. COMMUNICATIONS TO THE REGISTRAR FROM CANDIDATES REQUESTING INFORMATION RELATING TO THE RESULTS OF EXAMINATIONS WILL NOT RECEIVE ATTENTION UNTIL AFTER THE PUBLICATION OF THE RESULTS IN THE *Fort St. George Gazette*.

Commodity values in the month of November.

There was no improvement in commodity markets in November, buyers holding aloof in several cases and values weakening further under the oppressive influence of the American situation for it is generally recognised that the recovery of commodity prices and the revival of international trade are more dependent upon events in the United States than on any other single factor. In fact it is axiomatic that a depression in the United States means a depression in the rest of the world since the United States is by far the largest consuming nation of the world and depression there means a heavy contraction in demand for all goods and commodities. Until the American outlook is clearer and demand for commodities revives, it is evidently useless to expect a firming up of commodity markets in general. If, however, the American situation improves, the chances of an increase of prosperity in the rest of the world would appear to be good. Conditions in all markets are now so bad and consumers all over the world have bought so little in recent months that the situation would appear to be ripe for a recovery if and when the signal is given by a quickening of the tempo of American industry. The best supported view appears to be that the

great decline of securities on the United States presages a period of lower industrial activity rather than the advent of a general major depression. The general feeling is that the worst has passed though on the other hand there is at present little to justify any substantial rise in commodity values in the near future. World cotton markets remained fairly steady during November and the decline in prices of Indian cotton was necessarily due though owing to the large American crops, to the fact that Indian cotton was out of parity with other cottons and to the situation in the Far East, the export demand was negligible. The trade in Indian mill cloth was fair, but the demand for Indian mill yarn was dull and prices continued to exhibit a weakening tendency. The tanned hide market was in a depressed state and prices declined. The demand for tanned goat-skins and tanned sheep-skins was restricted and prices declined further. The demand for groundnuts was restricted and prices receded. The paddy and rice markets remained more or less steady. In the absence of demand, the price of pepper receded slightly and closed nominally steady. Owing to restricted demand values of copra and coconut oil continued to decline. Prices of North Indian sugars fell by one to two annas per cwt. though prices in up-country markets remained steady. Although there were no imports of dyestuffs acids during November, the demand for the locally manufactured products was not as good as in previous months.

GROUNDNUTS.

As a result of restricted demand, and lack of support, the prices of groundnut during the month showed a downward tendency. The average wholesale prices of standard varieties at the main producing centres were as follows:—

	Per candy of 784 lb.
29th October 1937 ..	Rs. 21-12-0 to Rs. 23-0-0.
30th November 1937 ..	Rs. 24-4-0 to Rs. 25-0-0

PADDY AND RICE.

The paddy and rice markets remained steady and unchanged practically throughout the month, but in the last week, rates suffered a slight decline. The average wholesale prices of standard varieties at the main producing centres were as follows:—

	Indian paddy per bag of 176 lb.
29th October 1937 ..	Rs. 4-3-0 to Rs. 4-14-0.
24th November 1937 ..	Rs. 4-6-0 to Rs. 4-12-0.

	Indian rice per bag of 176 lb.
29th October 1937 ..	Rs. 7-1-0 to Rs. 7-13-0.
28th November 1937 ..	Rs. 7-1-0 to Rs. 7-1-0.

	Rangoon rice, new, broken, A 1 per bag of 200 lb
31st October 1937 ..	Rs 8-12-0 } Madras.
30th November 1937 ..	Rs. 8-10-0 }

	Calcutta rice (Raipur) boiled per bag of 164 lb.
31st October 1937 ..	Rs. 7-2-0 } Madras
30th November 1937 ..	Rs. 7 6-0 }

PEPPER

Owing to lack of foreign and Indian demand and heavy stocks, prices dropped slightly and closed nominally steady.

COTTON PRODUCTS.

Consequent on fair European and Arab demand for sorted, and European demand for unsorted, yarns, the Calicut coir yarn market remained steady throughout the month. Arrivals were good. Prices of Cochin yarns remained steady with a firmer undertone. Prices of copra and coconut oil continued to decline owing to absence of demand.

COTTON SPINNING AND WEAVING INDUSTRY

Conditions in the Indian mill cloth market underwent no marked change during November although some mills report an encouraging improvement during the month in spite of the monsoon weather. The local market was active and dealers showed more confidence in the immediate future by placing forward orders. Although prices of cotton have fallen, this has not up to the present, been of any material benefit to the mills as most of them appear to have covered their major requirements for the raw material when prices were higher earlier in the year. Prices of Indian mill yarn declined owing partly to lack of demand from the consuming centres and partly to the competition of the cotton mills. The outlook is uncertain and prices may recede further unless a revival of trade materialises in the near future.

COTTON

Tinnevelly.—There were practically no fresh arrivals during the month owing partly to the fact that the ryots were occupied with their field cultivation and partly to the absence of any fresh demand for cotton. Only very small quantities changed hands for though some of the south Indian mills bought occasionally, there was no demand from North Indian mills or for export. Prices ruled fairly steady around Rs. 17d per 784 lb.

Cambodia.—Arrivals of cambodia also were very restricted as there were no buyers at the prices asked by dealers. Very little cotton was sold during the month and Coimbatore mills were almost the only buyers, there being no demand from outside the area. Dealers' prices remained practically unchanged around Rs. 230 for fair average quality.

SUGAR.

The Madras sugar market was steady during the first fortnight of November, but subsequently the lack of demand from consuming centres coupled with heavy arrivals of North Indian sugars had a weakening effect and prices dropped by from one to two annas per cwt. The report that the continuance of the existing sugar syndicate was uncertain had a depressing effect and dealers showed eagerness to clear stocks at any price anticipating a further reduction by the North Indian mills and wholesale dealers in Cawnpore. The demand improved slightly at the close of the month and the market closed steady. Madras prices of North Indian sugars ranged from Rs. 20-8-0 to Rs. 21-0-0 per bag of 2 cwt. in November as compared with Rs. 20-8-0 to Rs. 21-8-0 in October. Arrivals of sugar were heavy at Cochin and Calicut and demand was slack. Prices, however, remained steady and some buying interest was shown by dealers at the close of the month.

TANNED HIDES AND SKINS.

Tanned hides.—Until the end of November, the tanned hide market continued very depressed and a steady decline in prices was seen. Apparently buyers overseas lost all confidence in the market and business was very restricted. During the last few days of the month, however, a better demand was reported from London and prices eventually steadied up on the following basis:—

Prime 5½ lb. 14d. Prime 8½ lb. 13½d. Cows 7½ lb. 13d.

These quotations were approximately 1½/1¾d lower than those ruling on the 31st October.

Tanned goat skins.—Trade during November was dull. London buyers anticipating still lower prices even though Madras offers showed a decrease of 3d to 4d per lb, as compared with the prices ruling at the beginning of the month. One or two buyers made purchases which were considered speculative at a reduction of 3d per lb on the previous month. Offers made at the end of the month at the lower prices were not accepted as buyers were awaiting the result of the London auctions which commenced on 6th December. Stocks of goat skins in Madras are not large even though most of the forward contracts have been completed.

Tanned sheep skins.—The demand for tanned sheep skins during the month of November was negligible, and market goods which would otherwise have gone into shipment deliveries of the ordinary character were sent to England on a consignment basis. Offers were made at very low prices, but practically no business resulted.

Shipments during November were as follows:—
